The Building news

$30 Million Second Stage Development Gift to ELSC
Mrs. Lily Safra and the Edmond J. Safra Philanthropic Foundation Make $30 Million Second Stage Development Gift to the Edmond and Lily Safra Center for Brain Sciences (ELSC) at the Hebrew University of Jerusalem

Construction status June 2015
As of now, the pouring of the ceiling of the first floor has been completed.

Groundbreaking ceremony heralds construction of Israel's largest brain research center, one of world's most ambitious
Hebrew University to begin construction of new brain sciences building
Cerebral design for Hebrew University's new brain science building

This week the cornerstone will be laid for the building, designed by Fosters + Partners, which will be sheathed in cast aluminum netting shaped like a network of neurons. But the London firm's Spencer de Grey explains why one can't design an iconic building in advance.
