The 7th Brain Circle meeting

September 18, 2014 - September 21, 2014

The 7th Brain Circle meeting took place in the beautiful spa resort of the Sources de Caudalie near Bordeaux. With over two dozens participants. The beauty of the place, the interactive nature of the meeting, the combination of Brain and Art - all added to the especially close atmosphere among us all.

The lectures by our team of brain experts from ELSC (Eilon Vaadia, Mona Soreq, Adi Mizrahi and Idan Segev) and from the Life Science Institute (Liran Carmel) at the Hebrew University, was accepted with great interest. This, together with the fantastic entertaining program, food and trips and art, all contributed to the great success of this event.

Participants had the privilege to meet guest speaker Ron Arad, renowned Israeli artist and to visit two of the most prestigious winery domains of the Bordeaux area: the Chateau Haut Smith Lafitte personally organized by M. Daniel and Mme Florence Cathiard and the Chateau Dassault, generously hosted by Martine and Laurent Dassault themselves.

At the ending discussion among all participants, we received important input as to the next Brain Circle event. One repeated comment from the BC members was that they want to learn more from the faculty present. We will certainly go along this line in our next (8th) meeting - tentatively planned to October 8th 2015 in Barcelona.
