ELSC Seminar: Dr. Ori Katz Thu. 10/11 at 17:00
Imaging with Scattered Light: looking through the ‘fog’: Scattering of light in complex samples such as biological tissue renders most samples opaque to conventional optical imaging techniques, limiting the penetration depth of even the state of the art microscopy techniques to a fraction of a millimeter in tissue. However, although random...

Open Day 2017

April 5, 2017 - April 6, 2017

ELSC conference 7 Cellular and Molecular Neuroscience: From Generation to Degeneration

June 26, 2017 - June 29, 2017

Brainy Days in Jerusalem 2 - An Interdisciplinary Celebration

It is now widely accepted that deciphering the enigma of the brain is the most challenging intellectual endeavor of the 21st century, "The Century of the Brain" - Join our quest and become a friend of ELSC.

Our Int'l Ph.D. program provides outstanding students with top-notch courses in computational neuroscience.
The Jerusalem Brain Sciences Building will provide a state-of-the-art research and teaching facility for the Edmond and Lily Safra Center for Brain Sciences.

Get into our media channel and investigate ELSC’s latest videos: seminars, public lectures, courses and video articles.
