ELSC invites applications for postdoctoral fellows in the following fields: Theoretical and Computational Neuroscience, Systems Neuroscience, Molecular and Cellular Mechanisms, Cognitive Neuroscience, and Neuronal Circuits.

Program Description:

We at ELSC, invite you to be part of our flourishing research environment and community. We focus, in particular, on the theoretical and experimental study of the dynamics and computational capabilities of neural networks. Our goal is to develop new insights into the mechanisms underlying normal brain function and brain dysfunction.

We offer:

- State-of-the-art laboratories
- Distinguished faculty
- Generous Postdoctoral scholarships are available
- Enriched academic milieu
- Established ties and frequent collaborations with world renowned labs
- Opportunities to audit advanced courses
- Rich student and postdoctoral environments
- Postdoctoral support staff
