The Future of Brain Research: Yadin Dudai and Haim Sompolinsky

By elsc_admin
Created 11/7/2011
By elsc_admin November 7, 2011

This conference addressed some fundamental questions regarding brain research:
From the historical perspective of brain research - which theory or discovery had great influence on this field?
Today - what would be considered as a major breakthrough in the field?
What is the right direction of research? Is there such a thing as "the right direction"?

Opening Remarks: Prof. Naftali Tishby, Matan and Eva

Session 1

Debate title: From Molecules to Mind and Back [Video recording]
12:15 ? 12:40 Prof. Yadin Dudai (Weizmann Institute) [presentation (pdf)]
12:40 ? 12:55 Prof. Haim Sompolinsky (Hebrew University)
Short Discussion

Prof. Haim Sompolinsky
