ELSC-ICNC Seminar: Arieh Shalev

November 24, 2011

On the topic of: "Traumatic Stress Disorders in Adults: A Longitudinal Perspective"

ELSC & ICNC cordially invite you
to the lecture given by:

Arieh Shalev
Professor of Psychiatry at Hadassah and the Hebrew University School of Medicine

On the topic of:

"Traumatic Stress Disorders in Adults: A Longitudinal Perspective"

The lecture will be held on Thursday, November 24th
at 17:00, at ELSC-ICNC: Silverman Bldg., 3rd Wing, 6th Floor, Edmond J. Safra Campus

Light refreshments at 16:45

Abstract:

Traumatic stress disorders are unique among mental disorders in that they have a clear point of onset and salient early expression. As such they are prime subject for research concerning their etiology, pathogenesis and eventual prevention. This presentation will summarize a series of descriptive, biological and therapeutical studies of the early stages of post-traumatic stress disorder. It will outline constraints and eventual achievements and point towards research opportunities and challenges.
Our Int'l Ph.D. program provides outstanding students with top-notch courses in computational neuroscience.
