Our faculty and students took part in the exciting World Science Conference Israel organized by the Israel's Ministry of Foreign Affairs and the Hebrew University. The conference was held in the presence of 15 Nobel laureates from different fields and over 400 students from more than 70 different countries.

An entire session of the conference was devoted to Brain Sciences and provided the participating students...
with an opportunity to meet senior researchers and Ph.D. students from the Edmond and Lily Safra Center for Brain Sciences who shared video presentations of selected research projects.
